

Light Rider Studios Community Agreement

Light Rider Studios is a space for each person to safely self-explore & express via the medium of Photography & other creative, respectful uses of the Space.

I actively work to be non-harming.

I will hold space for my self & others.

I will respect the place—the space, its contents, the land & its people.

I will foster, by actively participating in, consent culture.

In practicing the above, I contribute an environment of free-thinking & freedom of personal expression.

I will leave the place better than I found it (aka — I will clean up after myself & pay my dues).

I will wear a mask &, best as I can, say 6 ft apart from others.

I will not smoke on/in premises.

I understand I will have to leave & provide compensation for damages if the above are not met.

I am:
