

Light Rider Studios Community Agreement

Light Rider Studios is a space for each person to safely self-explore & express via the medium of Photography & other creative, respectful uses of the Space.

I will respect the place—the space, its contents, the land & its people.

I will foster, by actively participating in, consent culture. No is not a four-letter word.

In practicing the above, I contribute to a safe environment for everyone even those I disagree or do not fraternize with.

I will leave the place better than I found it (aka — clean up, pay dues, do your work).

Light Rider Studios is not responsible for harm incurred on premises if above not followed.

I will play safe :
